DAY 1 OF
NUVOH2O
INSTALLATION

ACTUAL CUSTOMER IMAGES of hard water scale buildup which clogs and corrodes your home's plumbing. NuvoH2O gradually removes existing scale to renew the life and performance of your fixtures and appliances.

78 DAYS*
LATER, HARD
WATER SCALE
BUILDUP WAS
REMOVED BY
NUVOH2O.

*Results may vary depending on water quality and amount of existing scale.

In 2009, NuvoH2O revolutionized the residential water softener market with its salt-free, eco-friendly water softener solutions.

Leveraging over 25 years of commercial experience, NuvoH2O uses CitraCharge to soften water in two ways: binding with the hard minerals in the water, thus rendering them incapable of forming scale, and moderating pH.

Will I get the same softening benefits as other water softener systems?

Yes, independent studies show that NuvoH2O systems are effective at keeping scale from building up in your pipes, appliances, and fixtures. You'll be able to rest easy knowing your home is protected and you are not wasting water or electricity.

Will this treat iron?

NuvoH2O does offer the Manor Trio system for a moderate iron problem (<3 ppm). However, not every NuvoH2O system is an effective means of iron filtration.

Will NuvoH2O work with well water?

Our primary softening systems were developed specifically for municipal water systems. However, pairing our systems with the necessary filters, NuvoH2O systems soften well water.

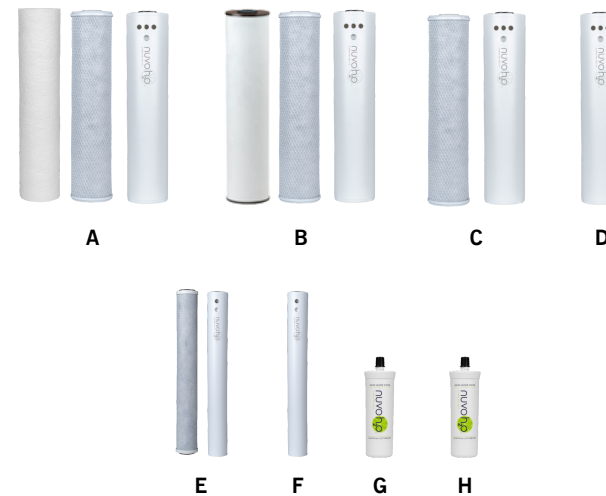

When do I change out my cartridge?

Each cartridge has a lifespan based on water usage ranging from 500-50,000 gallons of water. See the chart on the back of the brochure for details.

How do I know the system is working?

The easiest way to tell if your system is working is by observing your faucets and water-based appliances. Your system not only prevents but it removes existing scale. You will see scale reduction within 90 days of installation.

At NuvoH2O, cartridges come fully equipped with CitraCharge, our proprietary, all-natural citric compound, which begins to dissolve upon contact with water. To keep your NuvoH2O system performing optimally, we recommend you replace the cartridge according to the specific system and your home's indoor water use. See the chart below for details.

| SYSTEM | ITEM # | CARTRIDGE LIFESPAN |
|--------------------------|--------|--------------------|
| A. MANOR+SEDIMENT+CARBON | 711247 | 50,000 GALLONS |
| B. MANOR+IRON+CARBON | 16023 | 50,000 GALLONS |
| C. MANOR+CARBON | 16001 | 50,000 GALLONS |
| D. MANOR | 11001 | 50,000 GALLONS |
| E. HOME+CARBON | 71157 | 20,000 GALLONS |
| F. HOME | 12001 | 20,000 GALLONS |
| G. DISHWASHER SYSTEM | 14001 | 500 GALLONS |
| H. WATER HEATER SYSTEM | 15001 | 25,000 GALLONS |

85% OF AMERICAN HOMES HAVE HARD WATER

SUPERIOR SOFT WATER
SOLUTIONS FOR EVERY HOME

THE ONLY WHOLE-HOME SYSTEMS THAT PREVENT AND REMOVE SCALE BUILDUP

SOFT WATER ELEVATED

MANOR TRIO WATER SOFTENER + FILTRATION SYSTEM

Sediment Filter + Carbon Filter + Softener Cartridge

- Item # 711247
- Size: 22.72" x 24.85"
 - Weight: 39 lbs.
 - Water flow: 15 (GPM)
 - Maximum PSI: 100 PSI
 - Built-in bypass: No
 - Cartridges lifespan: 50,000 gallons

MANOR TRIO WATER SOFTENER + FILTRATION SYSTEM

Carbon Filter + Iron Filter + Softener Cartridge

- Item # 16023
- Size: 22.72" x 24.85"
 - Weight: 45 lbs.
 - Water flow: 15 (GPM)
 - Maximum PSI: 100 PSI
 - Built-in bypass: No
 - Cartridges lifespan: 50,000 gallons

MANOR DUO SOFTENER + TASTE SYSTEM

1,500 sq. ft homes or more

- item # 16001
- Size: 15.26"X26"
 - Weight: 24 lbs.
 - Water flow: 12-15 (GPM)
 - Maximum PSI: 100 PSI
 - Built-in bypass: No
 - Cartridges lifespan: 50,000 gallons

MANOR SOFTENER SYSTEM

1,500 sq. ft homes or more

- item # 11001
- Size: 7.43" x 26"
 - Weight: 16 lbs.
 - Water flow: 12-15 (GPM)
 - Maximum PSI: 100 PSI
 - Built-in bypass: No
 - Cartridges lifespan: 50,000 gallons

WATER HEATER SYSTEM

- item # 15001
- Size: 4" x 12.5"
 - Weight: 3 lbs.
 - Water flow: 10 (GPM)
 - Maximum PSI: 100 PSI
 - Cartridges lifespan: 25,000 gallons

HOME DUO SOFTENER + TASTE SYSTEM

Up to 1,500 sq. ft homes

- item # 71157
- Size: 10.72" x 22"
 - Weight: 12 lbs.
 - Water flow: 12-15 (GPM)
 - Maximum PSI: 100 PSI
 - Built-in bypass: No
 - Cartridges lifespan: 20,000 gallons

HOME SOFTENER SYSTEM

Up to 1,500 sq. ft homes

- item # 12001
- Size: 5.67" x 24"
 - Weight: 7 lbs.
 - Water flow: 12-15 (GPM)
 - Maximum PSI: 100 PSI
 - Built-in bypass: No
 - Cartridges lifespan: 20,000 gallons

DISHWASHER

- item # 14001
- Size: 10.72" x 22"
 - Weight: 3 lbs.
 - Maximum PSI: 100 PSI
 - Cartridges lifespan: 500 gallons

SALT FREE: NuvoH2O uses CitraCharge, a proprietary citrus-based formula to soften water rather than a salt brine.

COMPACT DESIGN: Allows for installation almost anywhere on the water line.

ECO-FRIENDLY: No wasted water, electricity, or harmful nightly brine flush.

THIRD-PARTY TESTED: Verified by Battelle Memorial Institute.

PREVENTS + REMOVES SCALE BUILDUP: Protects your home's plumbing, water heater, shower doors, water fixtures & water-based appliances from hard water buildup.

ZERO ENERGY COSTS: We've created a system that doesn't use electricity and never needs to be back-flushed! This innovative design saves water and money on your utility bill.

RETAINS HEALTHY MINERALS: Enjoy the benefits of soft water while retaining its natural healthy minerals.

NO NOISE: With no regeneration cycles, motors, or alarms NuvoH2O systems are designed to be efficient and discreet.

IMPROVES TASTE: NuvoH2O's Taste filter removes chlorine from your water, providing notable improvement in your water's taste and smell.

SAVE MONEY. EXTEND THE LIFE OF YOUR APPLIANCES AND FIXTURES
